🪪 Profile

I'm Vivek, a passionate coder with fresh skills and a hunger to build amazing things.
I taught myself web development and I'm eager to learn and contribute to your team. Proficient in HTML,
CSS, and JavaScript, seeking to build beautiful and interactive experiences.

🧠 Core competencies

HTML 5	CSS 3
JavaScript ES6	DOM
jQuery	Bootstrap
React.js	Node.js
MongoDB	Express.js
Git	GitHub
Debugging	Problem solving

📂 Projects

Truckistan
Objective:
Simplify the logistics industry by providing a seamless platform for users to book trucks for transporting loads, while enabling drivers to showcase their services, pricing, and routes.

Tools Used:
HTML, CSS, JavaScript, React.js, Node.js, MongoDB, Git

Outcome:
Simplified the truck booking process, allowing users to find and book trucks for load transfers easily. Drivers can list their services, prices, and routes, making logistics accessible and transparent for everyone.

Youtube Backend
Objective:
Build a complete backend system for a YouTube-like platform, featuring full authorization and authentication.

Tools Used:
Node.js, Express.js, JWT, MongoDB, Git

Outcome:
Created a secure and efficient backend, supporting user authentication, authorization, and essential platform functionalities.

📑 Certifications

Web Development ⬈ • Communicating with Confidence ⬈ • Computer Science Principles: Digital Information ⬈ •
IT Fundamentals ⬈ • MERN Stack Training

🎓 Education

B.Tech (Computer Engineering), *I.K Gujral Punjab Technical University*	10/2020 – 07/2024	Kapurthala , Punjab, India
Senior secondary, *St Soldier Divine Public School*	07/2020	Jalandhar, India
